A BIT ABOUT THE BAND

The band has been working very hard the past couple of months preparing for the concert this evening. We hope you will enjoy the program, and help the band give some much needed support to our community.

In addition to tonights performance, the band will be performing a Gay Pride Concert during Gay Pride Week. The Oaklawn Symphonic Band from Dallas and the MCCR choir will be our guests. You can also see the band in our own Gay Pride Parade, and the Gay Pride Parade in San Antonio on the 21st of June.

We are working hard to raise money to go to Washington in October to take part in the National March on Washington. Our band will be only one of many Gay and Lesbian bands from across the country participating in the march. Coinciding with the march, the member bands of Lesbian and Gay Bands of America will combine and perform a concert at Constitution Hall. This promises to be a memorable part of a very memorable weekend. We hope to see some of you there.

Once again, thankyou for attending tonights performance, and for your past and continues support of band activities.

Do you play an instrument, or have one lying around the house that you would like to donate to the band? Give us a call at 527-9454. We can always use more musicians, and the donation of an instrument is tax deductible.
